

DISTRICT SOCIAL NETWORK

The Riverview School District recognizes that social media is a tool that can be used to promote and enhance its education and communication goals. The District's use of social media is limited to promoting the mission and goals of the District. The District acknowledges that many existing laws and policies apply to social-media use by District staff, students, and the public. This includes but is not limited to laws and policies in the areas of civility, privacy, public records retention and disclosure, copyright, ballot measures, access to district resources, and First Amendment rights. The District will comply with these laws and update its existing policies and procedures in these areas to address social media.
